

Building relationships: My family and friends

Reception

Festival	A special time when people celebrate and have fun.
Special event	An important day or time that people enjoy together.
Religion	A way people believe in and think about God or special stories.
Share	Letting someone else have or use something too.
Friend	Someone you like and have fun with.
Take turns	Letting each person have a go, one after the other.

People may have different beliefs to me and that is ok.

Celebrations may look different in different households.
